PROGRAM OBJECTIVES

Helping physicians thrive in their professional and personal lives through a carefully curated process of self-discovery, mindset development, goal setting, wellness and financial planning, business development skills, and habit formation for sustainable success and continued growth.

INSTRUCTIONAL MODULES

1. **DISCOVER** Start with your motivations and state of mind, assisting you in creating a vision for the future, defining exactly who you desire to be, and defining a path to get there.
2. **LEVEL-UP** Break down years of schooling into six basic modules, workshops, guidelines, and more to help you learn THE PILLARS of being a successful physician entrepreneur.
3. **PLAN** From vision to setting core objectives, we facilitate—with the help of our expert coaches—the building of your 90-DAY PLAN to get you moving towards your dream outcome.
4. **REFINE** With expert advice, peer support, and strategy sessions, your FINE-TUNED STRATEGY takes shape, reducing blind spots and bolstering confidence to deliver great results.
5. **LAUNCH** As your SUCCESS BLUEPRINT is launched, we boost your training and motivation with strategies to make continued progress sustainable.
